

Capacity building for the Clean Development Mechanism (CDM) Second National Workshop in Malawi, 5-6th April 2011 and Sector Workshop on Energy, 7th April 2011.

OBJECTIVES:

The Designated National Authority (DNA) of Malawi, whose focal point is housed in Environmental Affairs Department of the Ministry of Natural Resources, Energy and Environment, is organising the second national workshop on Capacity for the Clean Development Mechanism (CDM) with support from the UNEP Risø Centre (URC) as part of the African, Caribbean and Pacific Multilateral Environmental Agreements (ACP-MEAs) project (<http://www.acp-cd4cdm.org/>). The workshop is aimed at improving the capacity of project developers from public, private and civil sectors to develop Project Idea Notes (PINs) and Project Design Documents (PDDs). The workshop is expected to cover the following topics; overview of global carbon markets, financing CDM projects in Malawi, revised national sustainable development criteria and approval procedure, baseline methodologies and PIN/PDD preparation.
